# Accessing the Internet in Rural America

- SBA's Office of Advocacy examined rural broadband access in a 2019 report: [Accessing the Internet in Rural America \(sba.gov\)](https://www.sba.gov/advocacy/reports/2019-accessing-the-internet-in-rural-america)
  - Highlights:
    - In a 2018 survey by the Pew Research Center, 58 percent of rural respondents reported that access to high-speed internet was a problem for their communities.
    - Internet subscription rates are lower in rural areas for the most popular broadband technologies, with rural communities turning to alternatives like satellite.

# Gold Country Broadband Consortium

- Leverages regional, state, and natural resources to launch public-private partnerships to improve and expand broadband access.
- Serves Nevada, Placer, El Dorado, Sierra, and eastern Alpine counties.
- Hosts a broadband speed test and survey to identify gaps in broadband coverage.
- Managed by Sierra Business Council. For more details, visit: [Gold Country Broadband Consortium - Sierra Business Council.](#)
