Feedback

General

Project types need to build up into an integrated vision of larger transformation

Workforce development was vague and hard to implement

Specific to Sacramento

Issue w/ workbook and CCI project types clearly linking to Programs

1st yr. support to get WF off the ground

Goals

Health – link to identified pollution

Economic – More specific

Work Plans – Progress Update

Community Engagement – Created

- Incorporate SB 1000

Displacement Avoidance – Draft created

- Coordinating with City's Downtown DA assessment and plan
- Will supplement with additional resource info and strategies specifically for businesses

Workforce Development Plan

- Meeting 11/8 to begin development
